Dear Jimmy,

We had a great week -  
and up at the cabin. We  
went up Thursday night  
and so did Benson and  
then Charlie and Bernice and  
their children arrived and  
Marcie and Charlie brought  
friends along. Sandi and Dick  
and their children arrived Fri-  
day. We had a baked salmon,  
rather we barbecued a salmon  
and the kids all had a good  
time and it was fun seeing  
every one. They all had to go  
home Friday night. Saturday  
Guth & Jack and children and  
also Jackie folks come up. Jack  
and his dad put the insulat-  
ion in in the new cabin.

Dad and I went fishing  
Saturday and I caught five  
fish and dad caught one.

Sunday we went up  
the river again and  
dad caught his foot  
between two rocks and  
twisted his ankle so  
that ended the fishing. He  
went to Dr. Mangraweli today  
as it was so swollen and sore  
and it was x-rayed. It isn't  
broken so will be O.K. He has  
an elastic bandage on his  
ankle. I will probably have to  
drive him to work tomorrow  
but it should be all right  
in a day or two.

Florence is planning on  
coming out to see us. She has  
never been out here so there  
will be a lot to show her. I  
don't know when she is coming  
yet.

I hope you enjoyed your trip  
to San Francisco.

I have called you several times but you are always out.

Morning:

I took Dad to work this morning. His ankle is better but is still swollen and sore.

I just had my hair fixed so am going to get busy now and get my work done.

Love,  
Mom.
